- General Advising Questions:
 - Please contact us through busadvisor@pfw.edu
 - Advisors will be using Teams to set up advising appointments. To see more about how this system works, check out this website - <http://bit.ly/TMicroTeams>

Other Helpful Links and Resources

- Helping students with online classes: <https://www.northeastern.edu/graduate/blog/tips-for-taking-online-classes/>
- For students who have no access to a computer/device, the staff of Helmke Library will be more than doubling the number of laptops they will be renting out from the first-floor service desk. They have also extended the loan period to one week, with an option to renew online once per checkout. If needed, please contact a library staff member for more information at ref@pfw.edu or 260-481-6505.
- Unless campus fully closes, we will have computer labs on campus open for students, including but not limited to Helmke Library, Neff Hall, Room 113, and Kettler Hall, Room 217. Additional labs with specialized software will also be open. Starting on March 23, the library will be going to reduced hours— 8 a.m.–6 p.m., Monday–Friday—for the duration of the present situation (pending additional campus closures). Online access to collections will remain available 24/7 on [our website](#), and appointments with librarians via Skype [may be scheduled](#). The Writing Center's online consultation service will remain available [via its website](#). Should the campus close entirely, the library and the Writing Center will maintain virtual services.
- [A student support website](#) has recently been modified given the current needs. Please take some time to browse and/or seek answers to your specific questions.
- Students can now record and upload videos to [Kaltura](#) and then either send the video link to their instructor or post the video in Blackboard. This is a new feature that you may find useful for some assignments. Instructions/videos (which are the same for instructors) can be found at the bottom of this [Moving Courses Online page](#).
- Stay in communication with your instructors—they are here to help you.
