#### Middle School Student Teaching FINAL Evaluation

As part of understanding what knowledge, skills, and dispositions our students possess, we are asking you to complete an end-of-clinical evaluation. This tool is comprised of three different parts. The first part is based on the Association for Middle Level Education (AMLE) standards for beginning teachers. The second part contains knowledge and skills as outlined by InTASC and CAEP, our accreditating body. The last part asks to you to consider the dispositions that are valued by the faculty at Purdue University Fort Wayne. In other words, these dispositions align with our Conceptual Framework. You will also be

asked to provide a narrative summary of the Student Teacher's performance. Thank you in advance for the time you put into this evaluation -- it is very important to us and the Student Teacher.
