

IPFW Summer Exploration Scholarship Application

PLEASE READ: All interested students who have financial need may apply and will be considered for a partial scholarship. Anyone may apply for a HAAS Scholarship for the Industrial Technology Exploration only. Scholarship recipients will be selected based on these criteria: evaluation of a short essay **written by student (not parent)**, indication of financial need (for all by the HAAS scholarships), and availability of scholarship funds. The date/time of a student's application submission will also be considered. **DEADLINE FOR SCHOLARSHIP APPLICATIONS IS May 25, 2018 or when scholarship funds are no longer available.** **Submission of the application form IS NOT an automatic scholarship nor is it considered a camp registration. Students must complete a separate registration form for the camp in which they have interest and should include this scholarship form. If awarded a scholarship, a student will be notified by email and the recipient will be asked to return a signed acceptance form with the reduced registration fee indicated in the scholarship letter. If a student does not receive a scholarship, they will also be notified by email.**
