EDUCATION

Bachelor of Science in Nursing, Purdue University, Fort Wayne, IN, May 20XX

Minor: Spanish, Cumulative GPA: 3.5/4.0

LANGUAGE SKILLS

Fluent in Spanish; Conversant in American Sign Language

INTERNSHIP

Nursing Intern, Labor & Delivery, Edward Hospital, Naperville, IL, Summer 20XX

- Initiated NST, assisted with ten vaginal deliveries, and prepared six patients for C-section; recognized for demonstrating multicultural sensitivity in developing rapport with patients and families.
- Performed initial newborn assessments and postpartum care, administered IM medication to newborns, and instructed new mothers on proper breast feeding techniques.

NURSING STUDENT CLINICAL EXPERIENCE

Dupont Hospital, Fort Wayne, IN, Fall 20XX

- ER: Selected patient teams, treatment plans, and tasks for patient care; gained skill in multi-tasking in a heavily utilized trauma center.
- Telemetry: Reviewed charts and physician orders to implement individual treatment plans for patients; delegated tasks to patient care technicians.

St Ann's Nursing Home, Garrett, IN, Spring 20XX

- PICU: Cared for two-year-old patient with ventilator assisted pneumonia and for patients with appendicitis and RSV.

McHenry County Health Department, Mexico, IN, Fall 20XX

- Assisted with nurses' home visits for the McHenry Cares Program, SAVE Program, and Lead.
- Prevention Program. Observed in a TB clinic, taught hand washing to kindergartners and taught middle-school children about at-risk behaviors.

Provena St. Joseph Medical Center, Kendallville, IN, Spring 20XX

- ICU: Communicated in Spanish with patients and families; analyzed rhythm strips and lab values.
- ER: Drew blood, placed heart monitors on patients, performed EKGs, and assisted in a code on a trauma patient.

Lutheran Hospital, Fort Wayne IN, Fall 20XX

- Triaged six ER patients and provided comfort to family members of patients, including one who had died.
- Performed chest compressions during a code.

Linden Oaks at Edward Hospital, Avilla, IN, Summer 20XX

- Researched mental illness treatment: depression, bipolar disorder, schizophrenia, anxiety, and borderline personality.
- Collaborated effectively with an interdisciplinary team to lead therapy groups on feelings, self-esteem, and anger.

Rush-Copley Memorial Hospital, Aurora, IL, Spring 20XX

- Provided care for G-tube site: checked placement and residual, cleansed the site, and filled feeding bags.
- Attended to a tracheostomy, including suctioning and cleansing the collar.

RELATED EXPERIENCE

Certified Nursing Assistant, Advocate Good Samaritan Hospital, Fort Wayne, IN, May 20XX – Present

- Support nursing staff and care for maternity patients and newborns.
- Carry out PKU and hearing screens on newborns; assist physicians with circumcisions.
