

**FORT WAYNE SENATE
EDUCATIONAL POLICY COMMITTEE
MEMORANDUM**

TO: The Senate

FROM: Educational Policy Committee

SUBJ: Amendment of Academic Regulations

DATE: 20 March 1991

DISPOSITION: To the Presiding Officer for Implementation

Resolved, That the Senate adopt the attached amendments to the IPFW Academic Regulations:

PROPOSED REVISIONS TO ACADEMIC REGULATIONS

CURRENT

- 2.1 **Regular admission of a nondegree student.** Any student admitted in nondegree status may apply for regular admission. After earning 24 credits in nondegree status, a student may generally register only after applying for and being granted regular admission; exceptions are granted by the Registrar upon the recommendation of the student's advising unit. Any student who is denied regular admission shall be notified of the reasons for this decision; any student who is granted regular admission shall be notified of which courses taken in the nondegree status may be applied to satisfy degree requirements.
- 7.1 **Credit by departmental/divisional examination.**
.... each instructional department/division shall establish procedures to consider candidates, to administer, and to grade such examinations, and each department/division shall provide the Dean of Academic Services with comprehensive information on the principal courses that are available for departmental/divisional credit by examination
- 9.3 **Recognition of completion of honors program.** When a student is certified by the Honors Program Council to have completed the requirements of the honors program, an appropriate transcript notation shall be made.

PROPOSED

- 2.1 **Regular admission of a nondegree student.** Any student admitted in nondegree status may apply for regular admission. **Nondegree admission is limited to a maximum of 24 credits; thereafter,** ~~After earning 24 credits in nondegree status,~~ a student may generally register only after applying for and being granted regular admission; exceptions are granted by the Registrar upon the recommendation of the student's advising unit. Any student who is denied regular admission shall be notified of the reasons for this decision; any student who is granted regular admission shall be notified of which courses taken in the nondegree status may be applied to satisfy degree requirements.
- 7.1 **Credit by departmental/divisional examination.**
.... each instructional department/division shall establish procedures to consider candidates, to administer, and to grade such examinations, and each department/division shall provide the ~~Dean of Academic Services~~ **Vice Chancellor for Academic Affairs or a designee** with comprehensive information on the principal courses that are available for departmental/divisional credit by examination
- 9.3 **Recognition of completion of honors program.** When a student is certified by the Honors Program Council to have completed the requirements of the honors program, an appropriate ~~transcript~~ **academic record** notation shall be made.

CURRENT

10.3.1 Double major. A student who completes the requirements for more than one program will be awarded a degree with a double major if (1) the requirements are completed at the same time, (2) the programs are offered by units of the same university at IPFW, and (3) the programs lead to the same degree, where "the same degree" means a B.A. (IU or Purdue) or a B.F.A. or a B.S. (PU only) or a B.S.C., etc.

10.3.2 Double degree. A student who completes all requirements for more than one program will be awarded two degrees if the above requirements for a double major are not satisfied, except that Purdue University students who complete requirements for a second major leading to the same degree as originally earned shall have this major noted on their transcripts but shall not receive a second degree.

PROPOSED

10.3.1 Double major. A student who completes the requirements for more than one program will be awarded a degree with a double major if (1) the requirements are completed at the same time, (2) the programs are offered by ~~units of the same school~~ **or division and the same university** at IPFW, and (3) the programs lead to the same degree, where "the same degree" means a B.A. (IU or Purdue) or a B.F.A. or a B.S. (PU only) or a B.S.C., etc.

10.3.2 Double degree. A student who completes all requirements for more than one program will be awarded two degrees if the above requirements for a double major are not satisfied, except that Purdue University students who complete requirements for a second **Purdue University** major leading to the same degree **in the same school or division** as originally earned shall have this major noted on their transcripts but shall not receive a second degree.

CURRENT

- 11.1 **Establishment.** A minor-subject program may be established by any academic unit at IPFW subject to approval by the school/division containing the unit, to acceptance by the Vice Chancellor for Academic Affairs, and to publication of requirements for completion of the program in the Bulletin or its supplement.
- 11.2 **Certification.** A student may earn a minor by successfully completing the program requirements and by petitioning the degree-granting unit to request certification of the completion of these requirements. At the same time as degree certification is processed, the academic unit sponsoring the minor shall certify the students' completion of all requirements.

PROPOSED

- 11.1 **Establishment.** A minor-subject program may be established by any academic unit at IPFW subject to approval by the school/division containing the unit, **to approval by the Curriculum Review Subcommittee or the Graduate Subcommittee,** to acceptance by the Vice Chancellor for Academic Affairs, and to publication of requirements for completion of the program in the Bulletin or its supplement.
- 11.2 **Certification.** A student may earn a minor by **providing the degree-granting unit verification of acceptance into the minor program and a statement of the minor program requirements and by successfully completing the program** ~~these requirements and by petitioning the degree-granting unit to request certification of the completion of these requirements.~~ At the same time as degree certification is processed, the ~~academic unit sponsoring the minor~~ **degree-granting unit** shall certify the student's completion of all requirements.
