(supersedes relevant portion of SD 93-10)

Disposition: To the Presiding Officer for implementation

Resolved, That the Fort Wayne approve the following mission statement of the School of Education, as amended approved by that school on January 10, 1996.

The Mission of the IPFW School of Education

To prepare professionals in teaching, counseling and leadership who demonstrate the capacity and willingness to continuously improve

schools and related entities so that they become more effective with their clients by:

1. Becoming more caring, humane, and functional citizens in a global, multicultural, democratic society;
2. Improving the human condition by creating positive learning environments;
3. Becoming change agents by demonstrating reflective professional practice;
4. Solving client problems through clear, creative analyses;
5. Assessing client performance, creating and executing effective teaching, counseling and educational leadership,

by utilizing a variety of methodologies reflecting current related research;

6. Utilizing interdisciplinary scholarship, demonstrating technological and critical literacies, and effectively

communicating with all stakeholders.
