The TRAFFIC APPEALS BOARD has met 15 times and acted upon 250 appeals to date. The violation was upheld in 170 of the appeals and 80 appeals were dismissed.

1. Signage in Union Circle and Dock Areas considered unclear.
2. Handicapped areas not clearly defined.
3. Ticketing at Bann Street lot for "non-university business."
4. Ticketing officers does not always fill out ticket clearly.
5. Rules for temporary handicapped parking permit not clearly defined.
6. Students are unfamiliar with parking regulations, despite folder given at time of registration.
7. Visitor parking is very confusing to those unfamiliar with the campus; not enough metered spaces when registered vehicles can also use meters.
8. Removable permit causes many violations (e.g. falls off, forget permit; borrow other people's permit)

Suggestions for correcting problems encountered:
1. Paint "no parking" curb areas yellow. Yellow curbs not as unsightly as the portable NO PARKING standards now used.
2. Need a handicapped parking sign for each space; also put handicapped logo on pavement in each space.
3. Ticketing for non-university business at Bann Street Campus is too hard to enforce fairly. This rule should be rescinded.
4. Need fuller remarks on ticket for reasons for ticketing.
5. Recommend that parking regulations folder include information about the availability of and procedure for a temporary handicapped parking permit.
6. Publish campus parking map in COMMUNICATOR early in each semester and point out some rules - especially about use of current permit in proper place; temporary permits, which lets change from A to B at night.
7. Suggest the metered parking be only for visitors.
8. Rear window parking stickers for car.

Traffic Appeals Board members:
All members have given generously of their time in fulfilling their obligation to this committee.

DATE:   April 20, 1982
SUBJECT: Committee Report

The 'Direction and Philosophy of Continuing Education' was the subject for the Joint Continuing Education Advisory Committee this year.

The committee has met several times this year. Vice Chancellor Nicholson met with the committee earlier in the year to appraise the committee of the new direction he wanted for Continuing Education.

Presently our committee is not working on any documents.

April 27 is the tentative date scheduled for our last meeting. The purpose will be to introduce new positions in the Joint Continuing Education Advisory Committee.
Under given circumstances are the following:

1. Committee.
2. Report on Drafting the HoCo Committee on agenda.
3. Agree to the above recommendation to Instructor of Tornado.

During the 1981-82 academic year, the Library Committee has thus far met two times and dealt with the following issues:

1. Allotted the amount of $248,316 for the purchase of library materials;
2. Reviewed the results of the faculty library survey taken in Spring semester, 1981;
3. Reviewed the major activities plan for the Library for 1982-83;
4. Discussed at length the continued problem of the rising cost of journals.

At its next meeting, during the month of April, the Committee will consider the materials allocations for 1982/83 and a request to the IP Foundation for funds for 1982/83.
