

Programmatic Assessment Workshop Series Worksheets: Module 1 Programmatic Student Learning Outcomes Tune-up

Worksheet 1 is designed to help a group of faculty define common expectations for students who graduate from their program. It is the foundation for programmatic student learning outcomes. The first column (Knowledge) focuses on what faculty expect their students to be able to demonstrate or represent and graduation (Maki, 2004). The second column (Skill(s)) focuses on how students will apply knowledge.

Worksheet 1: Common Expectations for Program Graduates

Knowledge: Graduates of this program will demonstrate:	Skill(s): Graduates of this program will use knowledge to:
