

1. Locate the Wi-Fi icon in the Menu bar.
2. Click the Wi-Fi icon and ensure Wi-Fi is **On**.
3. Click **Join Other Network...**
 - a. The Find and join a Wi-Fi network window will appear.

4. Enter the following information in the corresponding fields:
 - a. Network Name
 - i. For Faculty or Staff: **IPFW Faculty Staff**
 - ii. For Students: **IPFW Student**
 - b. Security: **WPA2 Enterprise**
 - c. Username: your IPFW username
 - d. Password: your current IPFW password

A screenshot of the 'Find and join a Wi-Fi network' dialog box. The title is 'Find and join a Wi-Fi network.' Below the title is the instruction: 'Enter the name and security type of the network you want to join.' The form contains the following fields:

- Network Name: IPFW Faculty Staff
- Security: WPA2 Enterprise
- Mode: Automatic
- Username: IPFWUSERNAME
- Password: [masked with dots]

At the bottom, there are three buttons: a help button (question mark), 'Show Networks', 'Cancel', and 'Join'. There are also two checkboxes: 'Show password' (unchecked) and 'Remember this network' (checked).

Find and join a Wi-Fi network.
Enter the name and security type of the network you want to join.
