Eric Hoover

“I thought that the MBA was the perfect degree to allow me to focus more on the business side, as well as provide me with the educational qualifications to rise to an executive-level position (preferably CIO/CSO) in a good organization. Once I decided that I was going to pursue my MBA, I looked at programs in the Fort Wayne area, and Purdue Fort Wayne stood out by a wide margin as the best of the bunch.”

“\textquote{I chose Purdue Fort Wayne for my MBA primarily because of their AACSB accreditation. I also prefer the in-classroom learning atmosphere as opposed to an online program. I feel the classroom dialogue and team project work are more beneficial and comprehensive than individual study. My short-term goal with an MBA is to achieve a leadership position in the engineering field.}\textquotecut{Andrew Dykhuizen}”

“I chose Purdue Fort Wayne because of the really great reputation. I grew up in the area so I knew the reputation of Purdue. It was also close to home. I really liked the hybrid program for the Accelerated Track MBA as well because it wasn’t something I wanted to do completely online, so this was the perfect solution. One of my favorite parts of the program was connecting with people from other industries. I’m a nurse by trade, so being able to work with people from IT, manufacturing, engineering, etc. provided me with a very interesting perspective and how to incorporate certain things that work for them into my job in healthcare. The Accelerated Track MBA will give me the opportunity within healthcare to work on the business side rather than just the care side of it.”
