

BLOOD HEALTH SCREENINGS

7-10 AM IN WALB UNION, ROOM 114

PURDUE UNIVERSITY
FORT WAYNE

Purdue Fort Wayne Well-being and Recreation (WellRec) has partnered with LabCorp to provide confidential health screenings throughout the year. The **Wellness Panel**, an excellent tool for determining general health, is being offered for **FREE**** to all campus employees/spouses and retirees/spouses (one per calendar year), as well as other single non-fasting tests.

You may pay with cash or a check (make check payable to Purdue Fort Wayne). Payment is due the time of service. Employees may submit receipts to their HSA for reimbursement.

GUIDELINES

- **Online registration is REQUIRED.** Register early to reserve your spot. Change or cancel appointment using the registration form.
- **Walk-ins are not available.**
- Visit pfw.edu/wellness and select Health Screenings for location or time changes.
- **Results will be available online only** at LabCorp's portal: patient.labcorp.com. You must create a user ID and password or use your existing login and password to view your results.

NON-FASTING TESTS OFFERED AT ADDITIONAL LOW COST

Blood Type Useful when a blood transfusion becomes necessary or if you wish to donate blood.	Cost: \$20.00
Complete Blood Count (CBC) Used to evaluate overall health and detect a wide range of disorders, including anemia, infection and leukemia.	Cost: \$10.00
C-Reactive Protein Measures inflammation (C-RP) produced in liver and muscle cells within the coronary arteries. Elevated C-RP may increase the risk of heart attack, stroke, rheumatoid arthritis, cancer and lupus.	Cost: \$20.00
Hemoglobin A1C Measures average blood sugar levels for the past 3 months.	Cost: \$20.00
Prostate Specific Antigen (PSA) Useful in alerting men to the possible presence of prostate cancer and other prostate abnormalities in combination with a doctor's digital rectal examination.	Cost: \$20.00
Thyroid Stimulating Hormone (TSH) Detects several thyroid gland disorders which may cause weight gain, depression, forgetfulness, fatigue, vision problems, enlarged thyroid glands, and other health problems.	Cost: \$20.00
Vitamin D Measures the 25 vitamin D levels. Deficiency can be associated with increased risk of cardiovascular disease, diabetes and hypertension.	Cost: \$35.00
Wellness Panel Includes full lipid profile (total cholesterol, triglyceride, HDL, LDL, cholesterol/HDL ratio) and a full blood chemistry panel (includes glucose, kidney/ liver function and more). You must fast 10-12 hours. Sips of water with regular medications are okay. **FREE once per calendar year for all employees/spouses, and retirees/spouses.	**FREE Cost: \$20.00
