**Visiting Assistant Professor in Mechanical Engineering** – The Department of Civil and Mechanical Engineering at Purdue University Fort Wayne (PFW), invites applications for a one-academic-year (i.e., fall 2019 and spring 2020 semesters) visiting assistant professor position starting in August 2019. The successful candidate is expected to teach a full load of four courses per semester. Higher rank candidates may be considered for this position.

Candidates must have a Bachelor of Science degree in mechanical engineering and a doctorate degree in mechanical engineering or a closely related area. The successful candidate will teach undergraduate and/or graduate courses in controls, mechatronics, robotics and engineering fundamentals within the First-Year Engineering program. Applicants for the position are required to have a strong commitment to excellence in teaching and to provide outstanding classroom and laboratory instructions. Industrial experience is desirable, but not required.

PFW offers a competitive salary and benefits package and an excellent work environment. Fort Wayne is the second largest city in Indiana and is located within several hours of Chicago, Columbus, Cincinnati, Detroit, and Indianapolis. It is a great community that boasts affordable housing and a low cost of living.

Review of applications will begin immediately and the position will remain open until filled. A check of criminal conviction records will be made for employment in this position. Position contingent on available funding. Applicants should submit a letter of application, a statement of teaching philosophy, evidence of teaching effectiveness, a curriculum vitae, and the names of three references to: <a href="https://careers.purdue.edu/FW/go/FW-Faculty/7720100/">https://careers.purdue.edu/FW/go/FW-Faculty/7720100/</a>. Candidates who are invited for a campus visit will deliver a 45-60 minute instructional presentation.

Purdue University Fort Wayne is an Equal Opportunity/Equal Access/Affirmative Action Employer fully committed to achieving a diverse workforce. All individuals, including minorities, women, individuals with disabilities, and protected veterans are encouraged to apply.
