

## Undergraduate Academic Program Memo

Date: 1/10/17

From: Gregory Jones

To: Carl Drummond

Re: Minor in Jazz Studies

*Approval*

### Brief description of the program:

This program offers courses in jazz improvisation, history, arranging and pedagogy that prepare students for careers that involve performing and teaching this widely encountered style.

### Brief rationale for program request:

This concentration in jazz music study is a necessary compliment to our classical offerings at IPFW to enrich the educational possibilities for our students. It is similar to the jazz minor on other IU campuses and to minors in jazz studies at other NASM institutions.
