

TimelyCare Added for 24/7 Student Support

Since opening at the start of the fall 2023 semester, the Center for Student Counseling at Purdue University Fort Wayne has provided much needed services to those asking for help. But what happens when the office is closed?

Now there's an option for what most would consider the off hours. The university recently signed an agreement with **TimelyCare**, an international company devoted to supporting college students by providing on-demand online services every day, including holidays and weekends. In addition, TimelyCare is also available to students who are traveling and during school breaks.

TimelyCare works with more than 400 universities and colleges to provide mental health care, emotional support, and self-care resources. **Services are available** by phone, tablet or computer—throughout the world and whenever needed. The TimelyCare app **can be**

downloaded here.

Pantry Moves to Kettler Hall, Expanding Access and Storage

Among the various moves this summer at Purdue Fort Wayne, the FRIENDS of the University Pantry in Cole Clubhouse at Student Housing on the Waterfield Campus has relocated to the Center for Student Counseling on the ground floor of Kettler Hall, which is located just beyond the seating area of Einstein Bros. Bagels.

Exclusive to students and employees, this **pantry location** will be open Mondays from noon to 3 p.m. and Tuesdays from 4 to 7 p.m. The pantry location at Walb Student Union, Room G36, continues to operate on Thursdays from 10 a.m. to 2 p.m. It includes service to the general public. No identification is required at either location.

Eric Manor, associate chief of campus and community wellbeing, said the move to Kettler allows the pantry to be in a Main Campus location and provides more storage space. It also allows the pantry to integrate into the **Center for Student Counseling**, which includes the **Mastodon**

Relaxation Zone that's open to all students, and a developing employee relaxation area.
