

Online Registration

Go to <https://experience.elluciancloud.com/pfw>

1. Enter username and password. All continuing, active students have a network account. Newly admitted or re-admitted students have a network account created upon admission. First time users need to click on "First-Time User" and follow the instructions to activate the network account – this includes finding out what their username is, setting up their password, and setting up a security question and answer. If the student has activated their network account but has forgotten their username or password, click on "Forgot username/password link (links identified with **red arrow below**). Contact ITS HelpDesk (x16030) for additional assistance. **Registrar Office staff do not have access to student's network account username or password.**

2. After logging in to goPFW, click on register for classes in the Registration card.

3. On the Enrollment tab, there are two options for registration in the Student Services channel. If a student knows the CRNs for the courses they want to register for, click on the “Registration - Add/Drop Classes” link.

5. If the student is already registered for some classes, they will appear in the bottom half of the page. Under the “Enter CRNs” heading, there is an empty box. Select “Add Another CRN” to add more boxes. Enter CRNs in the boxes and click the “Add to Summary” button. The courses will then show up in the schedule and summary at the bottom of the screen as “pending.” Be sure to then select “submit” to register for the selected courses. The pending status will change to a green registered if successful. Any registration errors will show up in the upper right of the screen.
