Collegiate Connection

Application

▪ Becoming a Collegiate Connection Student

- Program Requirements
 - All student must have at least a **2.7 GPA**
- Course Pre-Requisites
 - Some courses also require for you to meet additional requirements before you can be registered for the course
 - Example: *General Physics (PHYS 22000) Pre-Requisite: Complete Algebra II with a C or better (MA 15300 with grade of C- or better)*
- [Application \(Link\)](#)
 - Takes about 3-5 minutes to complete and found on our webpage (or above link)
 - **Important Notes:**
 - Students must provide an up-to-date parental or legal guardian email in the application for the **Parent Permission Form (PPF)**
 - If your parent or guardian does not have an accessible email, then they will need to complete a paper copy, ask your counselor for a copy
 - Your school will provide us with an **official transcript**
 - **Both official transcript and PPF are needed for final approval of application**

Steps to Completing the Application Process

Collegiate Connection

Next Steps

- **After the Application**
 - **Parent Permission Form**
 - Students must provide an up-to-date parental email for the Parent Permission Form
 - Again, if your parent or guardian does not have an accessible email, then they will need to complete a paper copy, ask your counselor for a copy
 - **Admission Email (*Critical*)**
 - This email will come from admissions and will say Application Status Update in the subject line
 - It is **imperative** that you log into this account to check your application status
 - This is your acceptance or denial letter from Collegiate Connection and it will contain your PFW 900# needed to pay your bill etc.
 - Write down your #900 someplace you will remember and keep it safe (same goes for your GoPFW login information (username/password))
