"I chose Purdue University Fort Wayne because it is known for providing a high quality education at a regionally competitive price. In the short-run, I have applied last semester's education to my work as 3Rivers' college funding analyst and will continue to apply future MBA concepts."

**Eric Hoover**

"I thought that the MBA was the perfect degree to allow me to focus more on the business side, as well as provide me with the educational qualifications to rise to an executive-level position (preferably CIO/CSO) in a good organization. Once I decided that I was going to pursue my MBA, I looked at programs in the Fort Wayne area, and Purdue Fort Wayne stood out by a wide margin as the best of the bunch."

"I chose Purdue Fort Wayne because of the really great reputation. I grew up in the area so I knew the reputation of Purdue. It was also close to home. I really liked the hybrid program for the [AMBA] as well because it wasn't something I wanted to do completely online, so this was the perfect solution. One of my favorite parts of the program was connecting with people from other industries. I'm a nurse by trade, so being able to work with people from IT, manufacturing, engineering, etc. provided me with a very interesting perspective and how to incorporate certain things that work for them into my job in healthcare. The [AMBA] will give me the opportunity within healthcare to work on the business side rather than just the care side of it."
