Telehealth with the Center for Healthy Living

Have a healthcare question or concern? The Center for Healthy Living offers a convenient way to connect with a healthcare provider through its TextCare service.

Available 24/7 at no cost, TextCare allows you to communicate with a CHL provider by text message, video visit, or phone call. During regular business hours (Monday through Friday, 8 a.m. to 5 p.m.), Mary Evangelista and Amanda Vagelatos provide care through the service. After hours, backup support is available from the CHL virtual care team.

Getting started is easy; simply text **765-705-0584**. Your question or concern will be assessed, and the care team can provide medical advice, conduct a video visit if needed, prescribe

medication when appropriate, or refer you for additional care.

There are no copays, visit charges, or fees to use the TextCare service. If you are referred for in-person care or a prescription is sent to your pharmacy, those services will be billed according to your health plan and pharmacy benefits.

TextCare is available to all benefits-eligible employees and their covered dependents age 2 and older.
